In its median edition in 2017, the LRA awarded 33 taxpayers in several categories, some of which are expected to repeat the feat this year, based on their continuous tax compliance and contributions to national development.

LRA Officer-in-Charge and Acting Commissioner General Decontee T. King-Sackie has meanwhile encouraged all citizens and residents in the country to become compliant taxpayers, a cardinal step towards achieving the President's Pro Poor Agenda through revenue collection for national development.
